- 📍 Location: Málaga, Andalucía, Spain "the famous Costa del Sol".
- 🕒 Age: 16 (Yes, I know, I look younger. It's the baby face charm.)
- 🔥 Objective: To conquer the programming world one line of code at a time.

Professional Highlights:

2020/3 - Present

- Developed my first "real" project at the tender age of 13 (a python one)- a Duolingo bot that earned me not just French points but also some serious 💎💎 from my classmates. Merci beaucoup 🙌!
- Jumped into the wild world of freelancing on Fiverr, where I earned some cash and bought my first macbook air (yes, mac is better than windows 🙌).
- Expanded my coding toolkit to include HTML, CSS, and JavaScript for web development.
- Learned C# for Unity and C++ for Unreal Engine 5 because why settle for one game engine when you can conquer them all? 🎮
- Worked at [Tupl](#), [ParatyTech](#) and [DataSeekers](#)
- Tried my hand at entrepreneurship with my first startup, [BetPuppet](#). It may have failed miserably, but hey, at least the website is still up! (Feel free to visit and mourn its glorious downfall.)

Personal interests:

2007 - Present

- Karting enthusiast 🏎️. Yes, I'm talking about those tiny cars that make you feel like a Formula 1 driver on a budget.
- Videogame aficionado. From saving princesses to slaying dragons, I've done it all (virtually, of course).
- Poker and chess ♠️ ♣️.

Education:

2012 - Present

- Currently navigating the dangerous waters of a bachelor's degree. 🚢

- Honing my skills in business classes, learning PyTorch (and all the data scientist / ai stuff), tensorflow and cybersecurity.

Skills:

2020 - Present

- Fluent in Spanish and English.
- Software development:
 1. Python
 2. HTML / CSS
 3. JavaScript
 4. C#
 5. C++

Special Mentions:

The heroes

- My laptop, who has been my loyal companion through countless lines of code and late-night debugging sessions.
- The infinite cups of coffee that fuel my coding adventures. Without you, I'd probably be asleep right now.
